

Please allow K-Love to remain in our local community. It serves as a voice for the lord to be heard by non Christians and Chirstians alike. It would be a great dissappointment for us to lose K-love in our area. I would reccommend that LPFM broadcaster to replace K-love. As it is there is only 2 other stations alike and they place way too many commercials for beng non profit. I tink tat you would find K-love a most uplifting station and a great many of people would be affected by the removal of K-love.
